Welcome Message

AHFE 2018 Camera Ready Full Paper Submission (Please read all instructions very carefully)

Authors of accepted papers must submit their final conference proceedings paper electronically. All presenters, regardless of the mode of presentation (verbal or poster), are invited to prepare full papers (Optional) for the AHFE 2018 Conference Proceedings. The recommended page size of full papers is 10 pages, with minimum of 6 pages and a maximum of 12 pages, including all paper components such as references, appendices, acknowledgements...etc. Papers over 12 pages of length will not be included in the Conference Proceedings.

The AHFE 2018 Conference Proceedings Books will be published in cooperation with Springer Publishing. All full papers presented during the conference and accepted (based on the review process for inclusion in the AHFE 2018 Conference Proceedings) with at least one registered author will also be indexed in the Proceedings and Springer conference book series.

Please follow the AHFE 2018 Paper preparation instructions provided on AHFE 2018 website EXACTLY: <http://www.ahfe2018.org/submission.html>

Please follow the steps below:

- 1) Create your manuscript EXACTLY as specified in the AHFE Springer 2018 template provided (<http://www.ahfe2018.org/submission.html>).

The title, author names, affiliation, etc. should strictly follow the format. Please don't use titles such as (Dr. Prof. etc.) in front of names and also avoid using title positions (Assistant. Professor, Lecturer, etc.). The paper title should be in normal fonts (not upper case).

- 2) Proofread and check the layout and margin of your paper. Final manuscript should appear something like the sample paper provided.

- 4) Manuscript must be in Word document format. Three files needed for Full paper (camera ready submission): Final proofread paper (MS Word in DOC or DOCX), Final PDF file corresponding exactly to the final paper, and Scanned PDF copy of a filled in and signed Springer Copyright Form. Modified forms are not acceptable. One author may sign on behalf of all of the other authors of a particular paper.

All instructions on how to submit full papers can be found on this page: http://www.ahfe2018.org/files/Paper_ID_Instructions.pdf
